

# FORGING A **BETTER** HEALTHCARE **FUTURE**

Health plans like yours get overbilled by millions of dollars each year.  
That money belongs to your plan and your participants.

We protect your plan's assets from overcharging hospitals and doctors by employing the most advanced pre-payment medical bill review and repricing services.

Visit our website today to learn more. | [wellrithms.com](http://wellrithms.com)

# DEFEND YOUR SPEND

Insurance companies don't check medical bills for errors;  
**WE DO.**

- 25 Years of Experience
- Easy to Implement
- Physician Owned

## WELLRITHMS | LEVELING THE PAYING FIELD

WellRithms blends medical expertise, legal acumen, and advanced data analytics to ensure payment accuracy. It is the only company in the industry offering plans like yours Shield Indemnification™, which safeguards both plans and patients from balance billing and collection attempts.

### REVIEW

WellRithms meticulously examines healthcare bills to ensure every claim is accurate and error free, protecting patients and plans from overpayment.

### REPRICE

WellRithms reprices the medical services charged on healthcare claims, ensuring that payments align with fair market rates and industry standards.

### PROTECT

WellRithms' Shield Indemnification™ allows for the transfer of all financial liability from the patient and plan to WellRithms for provider payments in dispute.

**6-8%** Average Additional Savings Off the Billed Amount

**75%** Average Savings Off the Billed Amount

**100%** Savings Retention Guarantee

#### In-Network Impact

##### Classifications, Edit, & Review™ (CER)

WellRithms sets the benchmark for in-network claim accuracy with its robust CER claims cleaning solution. WellRithms meticulously examines healthcare bills pre-payment, ensuring that billing is accurate and error free, providing peace of mind to plans and providers alike.

##### Inpatient Itemized Bill Review (BRAID™)

WellRithms revolutionizes itemized bill review with BRAID™. This service delves deep into the complexities of inpatient billing by coupling an automated line-by-line review with a thorough physician audit, ensuring every charge is scrutinized, validated, and accurately priced.

#### Out-of-Network Impact

##### Sustainable Claims Pricing™ (SCP)

WellRithms is transforming the way out-of-network and catastrophic healthcare claims are adjudicated. Our tailored system emphasizes sustainable billing practices to ensure equitable costs while achieving an average savings of 75%.

##### Air & Ground Ambulance

Air and ground ambulance claims are commonly egregious and challenging to resolve. WellRithms reprices these claims to a fair and reasonable price and assumes full financial responsibility for these specific claims through Shield Indemnification™.
